

Photographic & Recorded Images Policy

Strensall and Towthorpe LTC does not wish to prevent parents or other spectators being able to take legitimate photographs or recorded images, however the club is committed to providing a safe environment for young people under the age of 18. Included in this commitment is ensuring that all necessary steps are taken to protect young people from the inappropriate use of their images in resources and media publications.

This policy covers the following key areas:

- The taking and / or publishing of photographic images of young people.
- The use of photographic or recorded image equipment at Tennis events organised by the club.
- The use of photographic or recorded image equipment as a coaching aid by the Club.
- For the purposes of clarity any club photography is used in one of 3 ways:
 1. Skill & game development via analysis
 2. Performance recognition either on the website or social portals – “congratulations”
 3. Club promotion

Principles

- Anyone acting on behalf of Strensall and Towthorpe LTC, will have an understanding of the issues relating to the taking, and use, of photographic and recorded images of young people and the LTA's policy on this: <https://www.lta.org.uk/globalassets/about-lta/safeguarding/lta-photography-policy-final.pdf>
- Young people, and their parents, have the right to decide whether images of them may be made and how these may be used.

If you wish to have your child excluded from all photography then please contact the welfare officer, Ross Welsh at (StrensallTennis@gmail.com)

- Care will be taken to ensure that any images are not sexual or exploitative in nature, nor open to obvious misinterpretation and misuse.
- Care will be taken to ensure that no identifying details will be stored alongside any images, including those used in print media or on websites, which may facilitate contact with a young person by a potential abuser.
- All images of young people will be securely stored to avoid inappropriate use.
- Where images are used for coaching purposes players and their parents will be made aware that this is part of the coaching programme and are to be used for coaching purposes only.
- Suspected inappropriate taking of photographic or recorded images will be challenged and reported.
- Photographers wishing to take images of Strensall and Towthorpe LTC members will be required to register their details with the club in accordance with good practice guidance on photography and recorded images.
